

STOUGHTON PUBLIC LIBRARY

529 Washington St.

The Stoughton Public Library Board of Trustees would like to thank the dedicated Library Employees who went "*above and beyond*" the call of duty to help move the entire Library from 84 Park St. to the new temporary quarters at 529 Washington St. during the renovation and expansion project.

Over 70,000 books were moved by Library Staff during the past two weeks and we are very thankful to their determined efforts to bring the old Library to the new location.

Special thanks also to the Norfolk County Sheriff Bellotti's Department for providing community service volunteers to help set up and clean shelving in the new location, and both the Scituate and Randolph Libraries for passing on their surplus shelving to us.

This move was truly a community effort, but special thanks must go to:

The Library Building Committee, Tom Fitzgerald and Public Works Department, Maureen Doherty and Procurement, Paul Giffune and the Facilities Maintenance team, Ryan McGee and Trish Shropshire and the Town IT Team, Tom Gatzunis from Daedalus, Finegold Alexander Architects, Diamond Movers, Gary Ilacqua, Steve Signori and finally, Jon Bovarnick, who owns the Plaza and did a great job in renovating the space for us.

Please join us for an Open House on Thursday, May 18th from 9-11 am at the new location for coffee and pastries.
